

# You Can Never Have Too Much Protection.

The buddy system is meant to keep people out of trouble. We don't just cover your home - we protect your lifestyle. Unlike policies from some insurance carriers that limit or ignore essential coverage that a homeowner needs, our Agency truly offers a comprehensive review of your need for proper protection. **So don't go it alone.** Let the Miller Agency staff advise and consult you on your home protection needs.

## a p a i n l e s s INSURANCE CHECKUP

*Courtesy of Miller Insurance Agency*

You just went out to retrieve your mail and discovered your insurance renewal statement. It's probably safe to say that you'd rather be golfing, shopping, or doing just about anything else rather than sorting through paperwork. While we understand your feelings, we also believe that it would be well worth your time to take just a minute to examine the insurance renewal's "Declaration Page" and review your coverages.

Maybe everything looks "A-Ok", in which case you can then file the page with your important papers and still have time to head out to the links or the stores. But if you've recently had a change in your life - a new home, a new baby, etc. - this quick check may leave you feeling uncertain as to whether you have the coverage you need. If that happens, you can simply pick up the phone and call our office to make sure that you're fully protected.

The best time to verify and review your coverage is when you're not thinking about it. All too often, people don't think about their insurance until they need to file a claim - and that's not when you want to discover that your coverage is inadequate. The agents at the Miller Agency will be happy to review your policy with you so that you can make sure that you have the coverage you require, and they also can offer suggestions as to which insurance products are appropriate for your lifestyle.

At Miller Insurance Agency, we strive to make insurance as easy as calling 1-800-622-6347.

*The Miller Insurance Agency has been operating in the Lake Oswego area for over 17 years. It's one of the largest specialty lines insurance agency in the country, writing in 47 states, and now offers homeowner's policies for Oregon and Washington residents in addition to their recreational vehicle policies.*
